

"From my first meeting with Marie Varlet I knew that linguistically I felt a level of comfort and professionalism that would help me on my path to success with la langue francaise. Marie Varlet managed to bring the learning and meaning of the French language alive for me in a truly delightful way. To be a student under her tutelage has been a true honour and to her I am grateful for this "gift" that is the ability to speak French"

Anne-Marie Tierney
